Summary: Meet Metta, Hiccup's daughter. When Metta's dragon, Snowstorm is attacked by Toothless. Hiccup nearly injured, Metta runs away one night so Snowstorm doesn't hurt him again. Metta then finds comfort on a island called Cascade, she then meets some new friends. Will she stay?, will Hiccup find his lost daughter?.(I DO NOT OWN HTTYD OR HTTYD2) DISCONTINUED UNTIL FURTHER NOTICE, SORRY.

1. Chapter 1: Running

**Chapter 1: Running **

Metta's POV

I don't get why Toothless attacked Snowstorm, my dragon who is pretty much innocent. Should I go back and see my father again?, no. I'm afraid to see him again, Snowstorm nearly injured him in the battle, I can't have my father hurt. I've been flying probably for more than thirteen hours, I need to find land. Wait, is that an island? I think it is. "Snowstorm, land on that island please," I said before she plunged into the direction of the island.

No POV

Soon, they landed on the shore. Metta sat on the sand. Minutes later, she heard a voice. "Hello," a boy came out from the bushes. He was thirteen like Metta, his hair was light brown, and his eyes were teal. "Who are you?" he asked

"my name's Metta, and this is my dragon, Snowstorm. She's an Icefury,"

"I'm Axel. I have an Oceanfury named, Seashot. Would you like to come to stay where I live?" he asked "sure."

Soon, they got to a village. It was on a cliff, the grass was green. "Follow me" Axel said. They entered a home, it was warm and cozy.

"Axel, you're back" a female voice said. A girl about the same age Metta was came into the room, her hair was a red tinted brown, and her eyes were green. "Metta, meet my sister, Bridget"

"hi Bridget, nice to meet you." Bridget smiled at her. "Oh, also you can come meet some of the other kids" Axel said.

Metta followed to where some other kids were. There were three girls and two boys. "Hey guys, I'd like to introduce you to Metta, Metta meet Darcy, Kristian, and Erick" "hi."

"Hi, nice meeting you, Metta" Darcy said. "Hey, that's a neat dragon. What kind is she?" Erik asked Metta "that's Snowstorm, she's and Icefury. Do you have a dragon?" "yeah, everyone in Cascade has a dragon" Darcy said. "Does anyone wanna race, or go explore?. Does anyone like to do stuff like that with their dragons?" Metta asked "yeah, we love racing and exploring" said Kristian. "we'll go get our dragons, then we can go explore, Actually, we'd like to show you our cave hangout." Soon, Darcy came back with a violet Deadly Nadder, Erik had his Stormcutter, and Kristian had a Rumblehorn. "C'mon, let's go!" Darcy shouted before they all took off into the air.

They rode through the air, they then went to a cave on a mountain. "Metta, welcome to our hideout" Axel said. Inside, some waterfalls poured onto the ground. The sun shined into the cave. "This is our usual hang spot. No one can find us here, that's why we like it." Snowstorm rolled around on the ground.

"Hey Metta, where do you come from?" Kristian asked "well...if you can keep it a secret from the adults, I'll tell you" they said they'd keep it a secret. "I come from Berk, I'm...Hiccup Horrendus Haddock the third's daughter. I ran away after his dragon Toothless started a fight with Snowstorm, they nearly injured my father. I ran away so Snowstorm wouldn't hurt him. Also because my father didn't like her a bit" Metta's friends were somewhat shocked at the story. "I don't want you telling any adults because they may tell Berk that I'm here, I want to stay here" "we won't tell, but we think they just may let you stay if you tell them the truth" said Darcy. "Thanks guys, you're great friends."

After a while, they headed back to Cascade. Metta met everyone. She was able to convince the chief that she could live by herself in her own cottage. She cooked herself some soup, fish, and toasty bread for her dinner that night. She then put on a night dress she brought with her and went to sleep in her bed. But before she closed her eyes, she thought _I'm gonna have a great life here, I especially liked meeting Axel._

* * *

><p>So that's chapter one. I made Cascade's between Norway and the Faroe Islands This is a chapter longer that a usual one I make in other stories. I hoped you liked it, review and like! :)

2. Chapter 2:The Dragon Race

Chapter 2:The Dragon Race

Its been two weeks and a half since Metta arrived at Cascade. She was in her kitchenette making her breakfast. She ate some toast and ham. She then dressed in her blue shirt with hood, her violet skirt, her black leggings, and arm warmers and legwarmers. She then saddled up Snowstorm for a ride to "the hangout". She brought her satchel that contained some bread, a notebook, a map, and a small weapon. "C'mon Snowstorm, head to the mountain" Metta commanded.

Soon, they were close to the mountain. Suddenly, Metta caught a glance of Axel and Seashot. "Hey Axel, what'cha doing out here early like me?"

"nothing, sometimes I just like going somewhere to think and have time for myself, I was heading to the hangout"

"do you want me there?"

"sure." They made it to the cave. The sun rose into the sky filled with pinks and oranges. "The sunrise is beautiful" said Metta

"yeah" Axel agreed _But not as pretty as you_ he thought. _I wish I could just tell her how I feel. _"Did you ever like Berk?" Axel asked

"not very much, but it was still home. And I've accepted here as my home"

"I'm glad you came here." Metta smiled as she whirled a strand of her blonde hair around her finger. Her blue eyes glittered, and her smile was comforting. It then became right before everyone woke up. "We better get going, your mom could start wondering where you are" Metta said

"yeah let's go" he said before they saddled up and headed back home.

* * *

><p>Hiccup's POV

I could have been a better father, if she didn't go I could have shown her that I love her and that I _do_ like Snowstorm. If she comes back...I'm gonna show her that I love her and care about her. At least I have Astrid, my mom, and Toothless. Just sitting here where I last saw her just breaks me.

Flashback...

A father, daughter, and two dragons were in a forest. The two dragons fought, one was white and one was black. "Snowstorm, Toothless, STOP!" the daughter shouted. Suddenly, the two dragons had blue fireballs heating and powering up in their mouths. The father rushed between them "STOP!..." he shouted. "DAD!" the girl shouted "Metta, no!." She then pushed her father down, right before an explosion.

End of Flashback...

I'm just going to have to come to accept the fact that she's gone, and she'll probably never come back.

* * *

><p>Back in Cascade, the teens were preparing for a dragon race. Metta finished putting on her light blue face paint. Snowstorm also had some racing paint on her. "Hey Metta, the race is about to start, let's go" Darcy came in and said. "Ok, I'm ready." They got to the arena. Cascade's racing league was competing against Ashvna's racing league. Dragon racing grew into having leagues that would compete against each other. Metta had gotten accepted into the league the week she came to Cascade. Metta was the best girl racer on the team, the director of the league was very impressed on her first shot. "On your marks...get set...go!"<p>

The dragons took off. Metta was in the middle, trying to pass the guy in the front that was from the Ashvna team. Darcy made a move to get in front of Brett Ferrom. Axel had no trouble getting in front of two of the other Ashvna league members. Metta was close to the finish line, but behind Conan from Ashvna's team. She didn't have much time to make a move to get in front of Conan. She quickly pulled downwards, then had Snowstorm twist below Conan's dragon and kept flying until she reached the finish flag. The crowed then cheered and screamed. Metta stood on Snowstorm and had her hands in the air.

After the race, Cascade's racing league received their trophy. Meanwhile, the girls were hanging with each other, and the boys were hanging with eachother.

"So Metta, we think you have a crush on Axel" said Bridget

"what?, when did you figure that out?"

"we just figured it out" Darcy responded.

"Well, I do like him. Think about it, he's kind, strong, considerate...but he'd never like me."

"You like Metta, don't you, Axel?" Kristian asked

"umm..."

"c'mon, we know you do" Erik said

"I do, she's pretty, kind, a bit spunky...but she'd never like me."

"C'mon, it probably takes time for the romance to bloom. He'll come around" Bridget assured.

"Dude, she'll come around. Who knows...she may be into you" Kristian said.

"He may be into you, he sometimes will look at you. Have hope" Darcy said.

"Guys, I'm sure she'll never like me" Axel said.

"I'm sure he'll never have a crush on me" Metta said.

"We need to get back to our homes" Axel said.

"Its near supper, let's get home" Metta said. Soon, the two groups went home for the rest of the day.

3. Chapter 3:Another Icefury

Chapter 3:Another Icefury

Snowstorm flew through the forest alone. She felt the breeze beside her wings, and let the sun shine on her scaly skin.

Snowstorm's POV

Ugh, I feel hungry. I guess I'll just get some fish from the river. Woah!, there's a lot of fish in that river. It should be easy grabbing some salmon. _Swoosh_ I grab some salmon. To eat, I guess I'll just head to that rock. Huh?, is that the sound of another Icefury?.

No POV

A grey male Icefury came out through the trees. "Wait, another Icefury?" he said

"I guess. I'm Snowstorm"

"I'm Icewing, wait...Snowstorm?"

"Icewing...is that you?"

"Snowstorm!" he shouted before tackling her. "I've missed you so much" "I've missed you too."

"Do you want to come to my village to stay?" Snowstorm asked

"I don't know, aren't humans cruel?"

"not these humans, but some unfortunately are." They headed to Cascade. "Where have you been all these years after you left the pack?" Icewing asked

"I use to live at a island my owner calls Berk, but we for some reason came to a place she calls Cascade."

* * *

><p>That night, Icewing was going to stay in a den he dug up. "Are you sure you want to sleep here?" Snowstorm asked "I'll be fine." "Hey Snowstorm, remember when I was betrothed to you back at our old pack?"<p>

"yeah, what about that?"

"well...I liked when we were because I love you." Snowstorm couldn't believe it, the one she's loved and never forgotten told her he loved her. "I love you too, Icewing." "Well...do you want to sleep in your shelter, or would you like to sleep with me?" "I'll sleep with you. "Well, c'mon" Icewing said, going into the den with Snowstorm following.

4. Chapter 4: The Alpha

Darcy's dragon's name is Stormcloud, Kristian's dragon's name is Lightstrike, Eric's dragon's name is Heatscale. Then I also forgot to tell you about Bridget's dragon who's a Air striker named Windstream. I forgot to put all this info in the first chapter, so I'm putting it right here.

* * *

><p>Chapter 4:The Alpha

"Snowstorm, where are you?!" Metta called. Snowstorm and Icewing came in a flash. "There you are!, where were you?" she asked, Metta then noticed Icewing. "Another Icefury?, but they're just so rare" she said, Icewing came a bit closer, hoping what Snowstorm said about her owner was true.

"Hey buddy, its okay, I'm not gonna hurt you." she said softly. Metta's hand touched Icewing . Metta's touch blew out the flame of Icewing's fear. "Don't worry, I won't hurt you." Icewing was calmed and realized, Snowstorm was right about the humans she knew.

* * *

><p>Later, the dragons did their thing. The sun made the perfect climate for the humans and dragons. Icewing, Snowstorm, Seashot, Stormcloud, Lightstrike, Heatscale, Windstream, and other dragons gathered at the rocky beach. "Hey guys, who's the alpha?" Icewing asked<p>

"Nobody is" Windstream answered

"should there be one?" he asked

"we never thought about it, maybe there should be one" Stormcloud said

"I say there should be one"

"me too, there are some things we need an alpha for" Heatscale said. "But who will challenge?" Seashot asked

"I will" a male voice said. "Oh great, its Magnum" Lightstrike mumbled. "Who's Magnum?" Icewing asked "he's a big showoff and mean dragon. He won't let anyone in his way and will crush anyone's bones if he wants to."

"I would like the honor of being alpha, I will challenge." Just silence, none challenged. "Oh well, I guess I'm alpha" Magnum said with a evil smirk. "I will challenge" Icewing stepped out and said. His head was held high and his eyes looked at Magnum sternly. "Alright, bring it" he said evilly. "Are you sure, Icewing?" Snowstorm asked "I'm sure, he doesn't look like a good dragon. He shouldn't be alpha."

"Alright...spikes sharp...wings wide...go!" Seashot shouted. The challenge started. Magnum scratched Icewing, he scratched back harder. Magnum swiped Icewing with his tail, but Icewing got up in split seconds. The battle continues. Suddenly, Magnum swipes Snowstorm out, pounding her to the ground. "DON'T you ever HURT HER!" Icewing shouted, a bright blue fired up from tail to mouth. The blue fired boiled in his mouth, he then pounded Magnum to the ground. When he was about to shoot him, Magnum shouted "I SURRENDER!." Everyone stared at the scene, shocked at what Magnum, the dragon who would never give up for anything was surrendering to Icewing. "I surrender" Magnum said again quietly. "Icewing is alpha!" Windstream said. The dragons then bowed to Icewing. Magnum hesitated at first, but finally bowed. "You don't have to bow, especially you Snowstorm. Would you be my beta?" "of course" Snowstorm said. The dragons all hailed to the new alpha and beta.

5. Chapter 5: The Date

(gasps) finally another chapter?. Yep, I haven't been up to date on my two current stories really, so I'm updating this one now.

* * *

><p>Chapter 5:

Three Years Later...

It's been two years since Metta's arrival, and it was summer. The summers in Cascade were never hot, never cold, but the most perfect temperature you could ask for. It was always the perfect condition outside to go do something, then sometimes it would rain. The time it was in Cascade was the time for the Summer festival. There were lanterns made and hung on strings, there was homemade sweets and food, and there would be a dragon race.

Metta and Axel were decorating lanterns to hang. Metta had gently painted pink roses onto the lantern she decorated. Axel painted suns on his, they looked very classic, but nicely painted. Axel was nervous, he then said "hey Metta, would you uh...umm...woul-would you like to go to the festival with me?" he asked nervously. Metta

smiled, her eyes glimmered. "Really?, yeah sure!...I mean yeah I guess so" Metta responded. "Okay, do you want me to pick you up from your house?" Axel said, Metta nodded. "I guess, let's keep painting" Axel said. _"HE ASKED ME OUT!"_ Metta thought in her head.

* * *

><p>Back In Berk...

Just before Hiccup and Astrid left the island, Eret asked "so you wanna visit Cascade and see what it's like, that's it?" Eret asked Hiccup

"yup"

"okay." Hiccup and Astrid then took off into the wide blue sky.

Soon the two were just a mile from the island. Metta was with Axel on their dragons. Metta and Snowstorm then froze in the air. "Metta what's wrong?" Axel asked

"it's my dad, he's here. We gotta go fast, and I mean _fast_"

"what, your dad?!"

"yes, let's go!, hurry!." They blasted off back to the island they called home. "Could that be?...no it couldn't" Hiccup said, he then said "it's gotta be her."

"Hiccup?, are you talking about...Metta?"

"yes, I think that's her"

"that's impossible, she went missing three years ago"

"it's her, I'm gonna get her. C'mon Astrid." "Metta!" he shouted

"who's Metta?, my name's Ingrid!" Metta shouted back, she was surprised she came up with a name that quick.

"Metta, don't lie, I know it's you!" Hiccup shouted in frustration. "MY NAME IS INGRID!, GEEZ!" she shouted in frustration.

"Leave her alone, she doesn't wanna be bothered!" Axel shouted, he blocked Hiccup from Metta with him and his dragon. "NO SHE IS MY DAUGHTER!" Hiccup shouted. "SHE SAYS SHE IS NOT YOUR DAUGHTER, ACCEPT THAT!" Axel shouted "BOTH OF YOU ENOUGH!, AND HICCUP IF YOU ALL DON'T STOP NOW I WILL PUNCH YOU IN THE STOMACH!" Astrid finally shouted. _"Finally my mom breaks it!, he's stubborn to stay away from me!."_

"She's not whoever 'Metta' is okay?" Axel said still somewhat frustrated

"actually, follow me. And keep a distance, but still behind me." Metta said. They started flying home.

"You're gonna confess?, what if you have to go home?, you'd have to leave everything here you love for Berk. Friends, dragons, places,

me, Metta. I don't wanna lose you, I'm about to go out with you today, what'll happen to that?" Axel asked

"you're not gonna lose me, I'm not gonna let that happen." Soon, They went into Metta's home.

"This is a nice place you have" Astrid said

"thank you, it's a place I don't wanna lose. I don't wanna have to ever leave this island, I have friends here that I care about." Metta said, she then looked to Axel with a smile. She didn't show her face the whole time until she said "well, I need to confess to you...that I'm...Metta." After some silence, Hiccup said

"This is where you've been all these years?, you never came home because of _here_?. Metta, you had a family worried sick when you left, how could you not come back?!"

"I have _here_ as my home, my friends are like my family, a great place to be, so many dragons, so many mountains and waterfalls and places to explore, I AM NOT LEAVING HERE!" she said. "I have Axel" she whispered, she smiled at Axel again. After some silence "can we stay for the rest of the day?" Hiccup asked

"you mean I don't have to come back to Berk?!, oh thank you dad!" she ran up and hugged him. "Anything else we need to take in?" Astrid asked, she was being the quiet one throughout the situation.

"That me and Metta have a date tonight at the Summer festival?" Axel said with tons of worry and nervousness in his voice. Hiccups eyes widened

"You and him, Metta?. Nope, not gonna happen, you'll be allowed to date when you're ninety"

"daaad, come on, please?..." Metta made puppy eyes and stuck her bottom lip out. "You need another thing to take in Hiccup, just let her go out with him. Axel looks like a completely sweet and kind boy for Metta" Astrid said

"alright, alright."

"thanks dad, there's so much to show you here. There's the racing arena, the forest, the forges, so many places."

"okay, I guess that's another words for 'please get out of here'?" he asked

"not this time, seriously, just go explore, same for you mom."

"okay, okay" Astrid said

"see you later mom, dad!"

"bye Metta!"

* * *

><p>Later, it was almost time for the festival<p>

Metta wore a violet dress a little below knee length with her hair in a braid tucked into a bun. She looked in her mirror.

Darcy looked at her friend with a smile

"what?" Metta asked

"it's just that...you're so pretty, I could never look like that."

"thank you, Darcy"

"and by the way Metta, I told my brother that if he hurts you that I will punch him hard in the stomach, and I mean really hard" Bridget mentioned.

"That's nice to know, thanks Bridget" Metta said. They then heard a knock on the door, Darcy went to open it. There stood Axel with his light brown hair nice and neat. Metta started to walk out the door.

* * *

><p>The waves were gentle as the full moon shined. The wind blew gently beside Metta as she walked on the beach with Axel. "Its just beautiful out here, the moon by the beach" "but nowhere as pretty as you are", Metta smiled. "Metta, I love you." Metta was touched by his words, in response she said "I love you too." They sat down, Metta was pulled into Axel arms and layed there, watching the moon.<p>

* * *

><p>So, what do you think, good, bad, great, horrible?, just throw your opinion at me!.

End
file.
